

BIRTHDAY

On this day that YOU were born, we ALL a gift were given
And WE received the most wondrous of all "presents"
On this day you cried "I have arrived!" and with joy you started living
And unwrapped YOUR gift to US here in your "presence!"

And here today on your Birthday we celebrate with joy and cheer
How your "presence" has been OUR "Present" so rare and true!
You have made our lives the better knowing you each day and year
So we celebrate, on this date, the Gift of You!

"Everything happens for a Reason" we realize in Heart and Soul
So that means YOU "happened" to us for "a reason" too
Seems brighten up our lives with Love was truly your life's goal
And on your Birthday we appreciate you anew!

Though Birthday gifts are given usually to the one who had their birth
As a sign of Love and Thanks and our Best Wishes
Yet today WE exchange so much more, how we adore, beyond all worth
How the gift of you, our days and our lives enriches!

So, May all Health and Happiness be yours! Success ! Prosperity!
May your Wishes and Dreams come True on every day
And May Heaven Bless you every day, with Love Infinitely
Happy "New Year" in YOUR Life! Happy Birthday!
